

Our mission is to uplift and encourage the Ugandan people along their journey towards independence through love, compassion, & partnership.

We will accomplish this by sharing the Word, supporting pastors and leaders in their efforts to raise the quality of life for their people through academic & life skills education, medical care, hygiene education, & water projects. All of these programs take the time and funds that people like you can provide.

We appreciate your help!
Contact us & find out how.

WE WANT YOU to join our mission!

OUR MISSION TRIPS

The Uganda Mission Project is a program of the Canaan Family Life Center. We are a non-profit, 501 3c organization. Along with other on going projects we take volunteer missionaries, both laymen & clergy for a short term mission to Uganda, East

Africa. Everyone who has ever been on the mission field has had to take their first trip with no experience. Never feel that inexperience disqualifies you to participate. You will both be a blessing *and* receive a blessing.

If you don't feel that taking a mission trip is for you, but would love to help, there are many other ways that you can do that from home. We have many projects that need your prayer & financial support. Ask us about how you or your group can create your own project and be a blessing to those who need assistance. Also, funding a trip for a family member, friend, or group can be a huge help to someone who may want to go, but needs support. Trip sponsorship makes a great holiday gift!
